Density: 25200 - 84000 /m²

- PE fibrillated fibers.
- Economical type product fits lower budget.
- Suitable for football, tennis, basketball courts & running tracks.

Net Pro™ -
10S11Q15G3

Material: PE
Dtex: 6600 D
Pile height: 8-30 mm
Gauge: 3/8, 3/16
Stitches: 120- 400/m
Density: 12600 - 84000 /m²

INTERLOCKING FLOOR

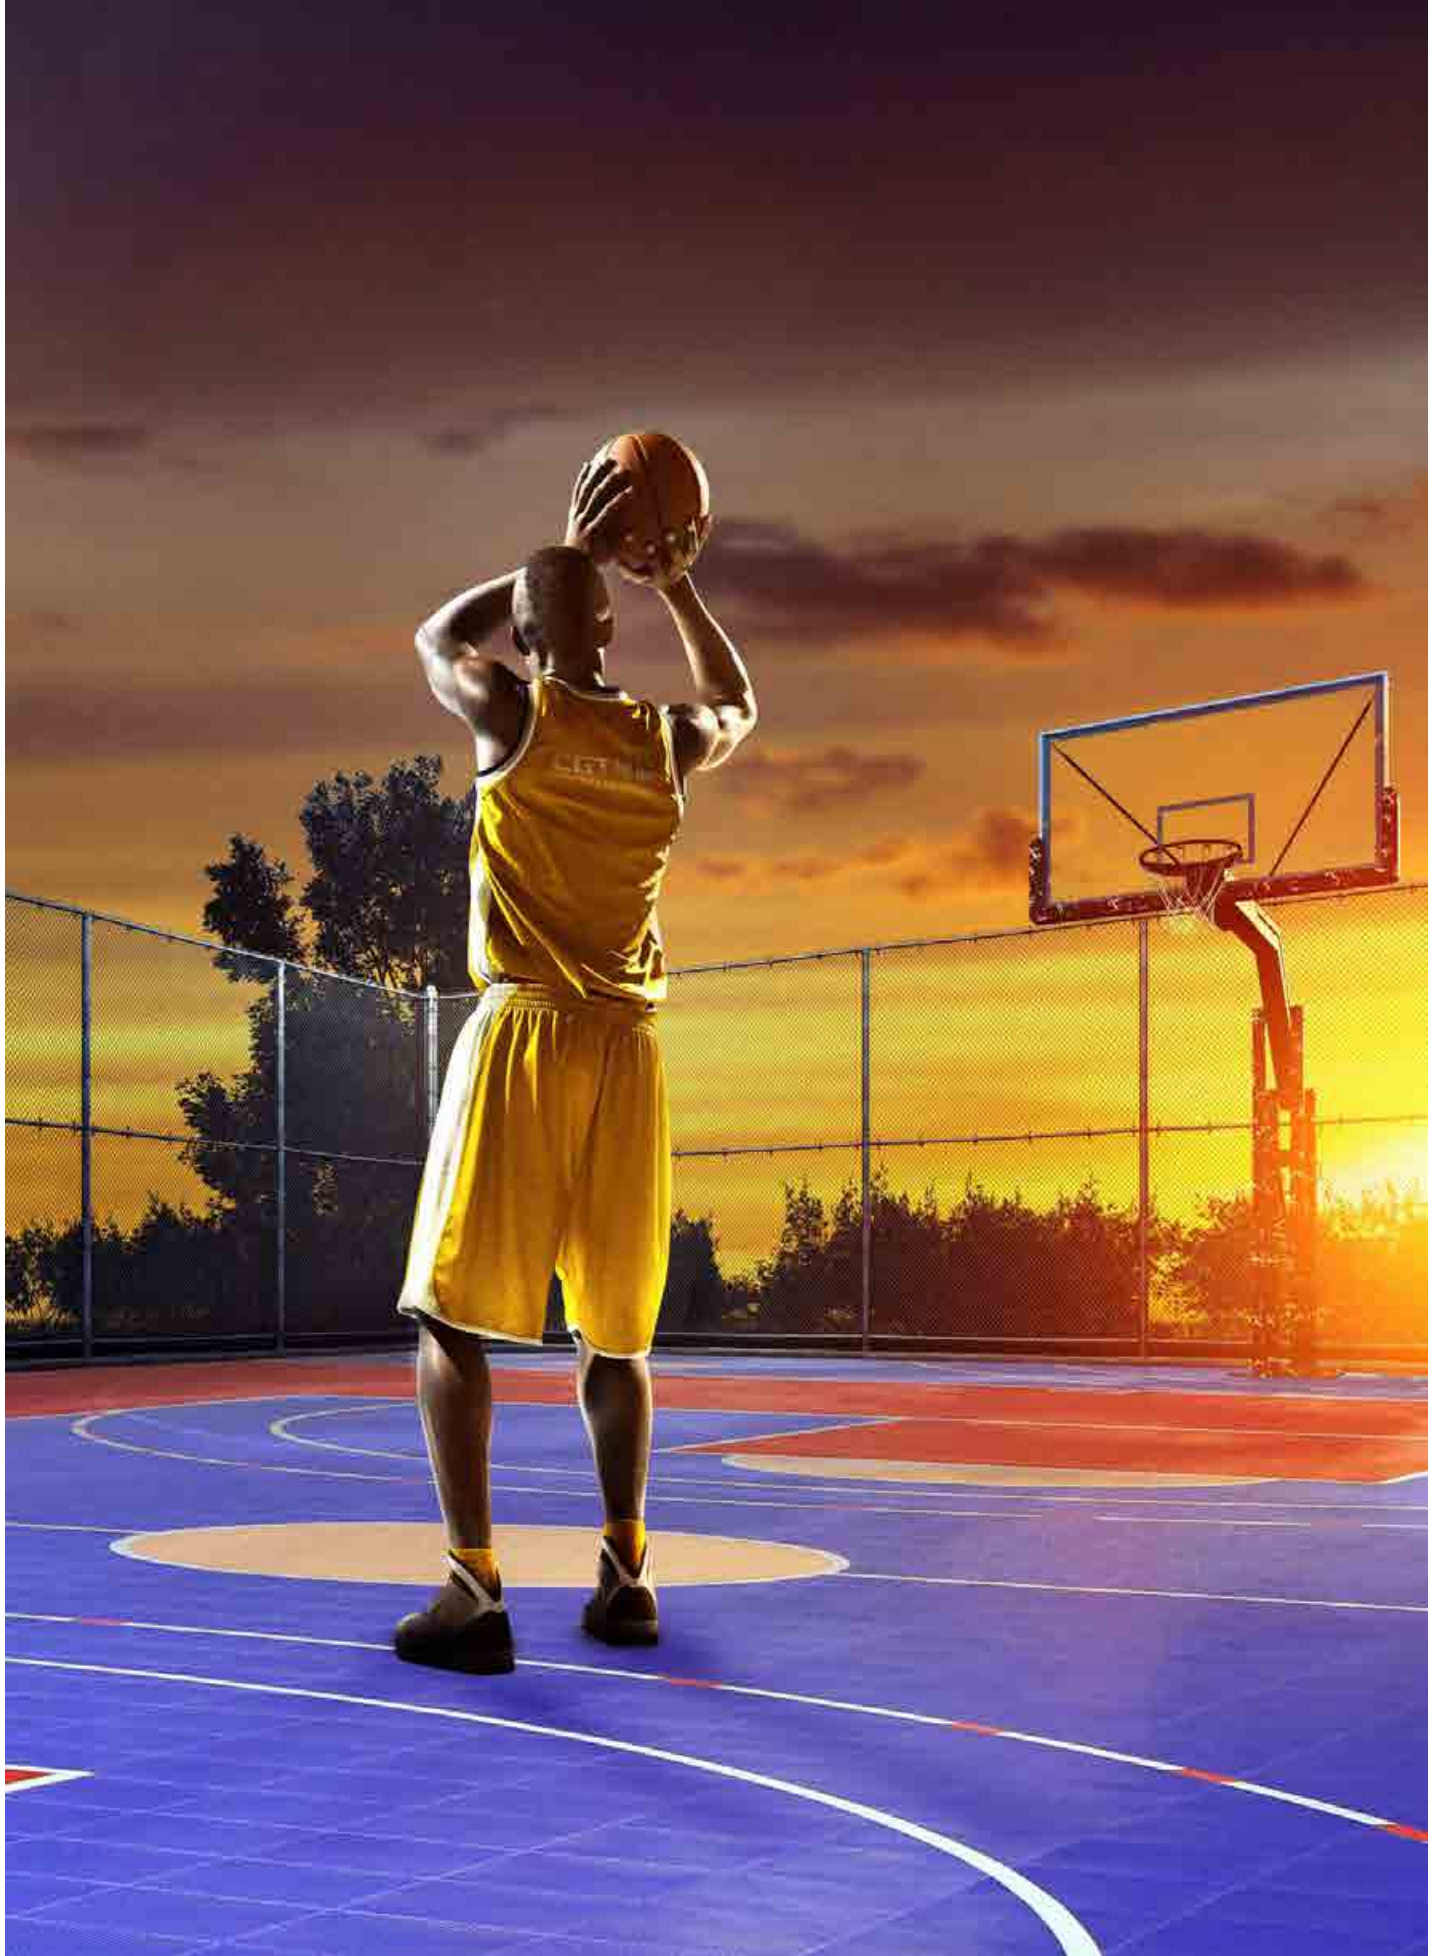

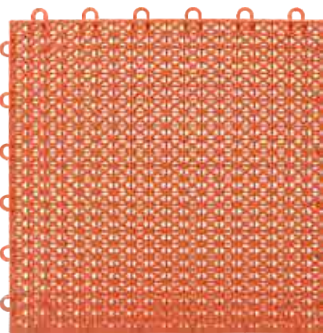

FIBA approved interlocking floor series. Offers superior performance enabling your highly sport demands.

- Open grid design with triple layers.
- Matte surface.
- Anti-dizzying design.
- Suspended structure for shock absorption.

Bison® -
DPM

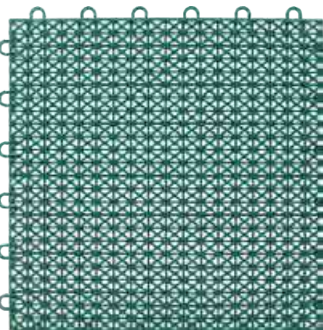

Material: Modified PP
Size: 30.48cm*30.48cm*
1.8cm±0.1cm/pc
(in 12*12 inch surface)
Weight: 410±5g

- Double layers surface with 907 suspended supporting columns.
- Best selling series applicable widely in all sport grounds, kindergarten, parking lot, etc.

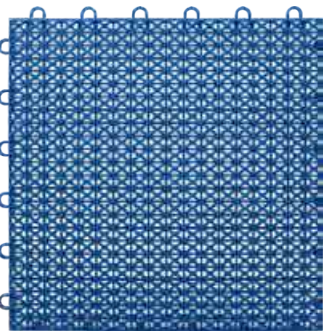

Deck Bull® -
DD

Material: Modified PP
Size: 30.48cm*30.48cm*
1.58cm±0.1cm/pc
(in 12*12 inch surface)
Weight: 340±5g

Deck Bull® -
DRM

Material: Modified PP
Size: 30.48cm*30.48cm*
1.50cm±0.1cm/pc
(in 12*12 inch surface)
Weight: 315±5g

INTERLOCKING FLOOR

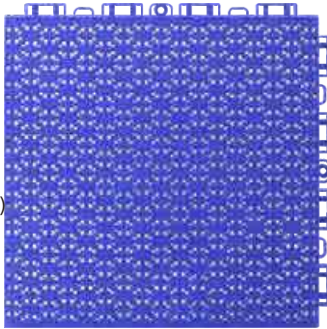

It is with simpler design of enjoyable performance.

- Modified PP material of food grade.
- Double-layer structure with super softness.
- Star product for children playground.

Deck Spring® - GP-K1

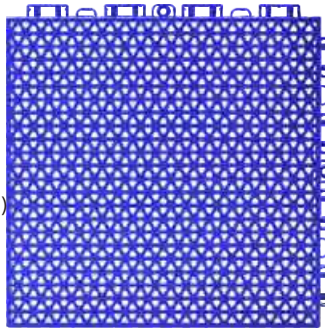

Material: Modified PP
Size: 30.48cm*30.48cm*
1.43cm±0.1cm/pc
(in 12*12 inch surface)
Weight: 315±5g

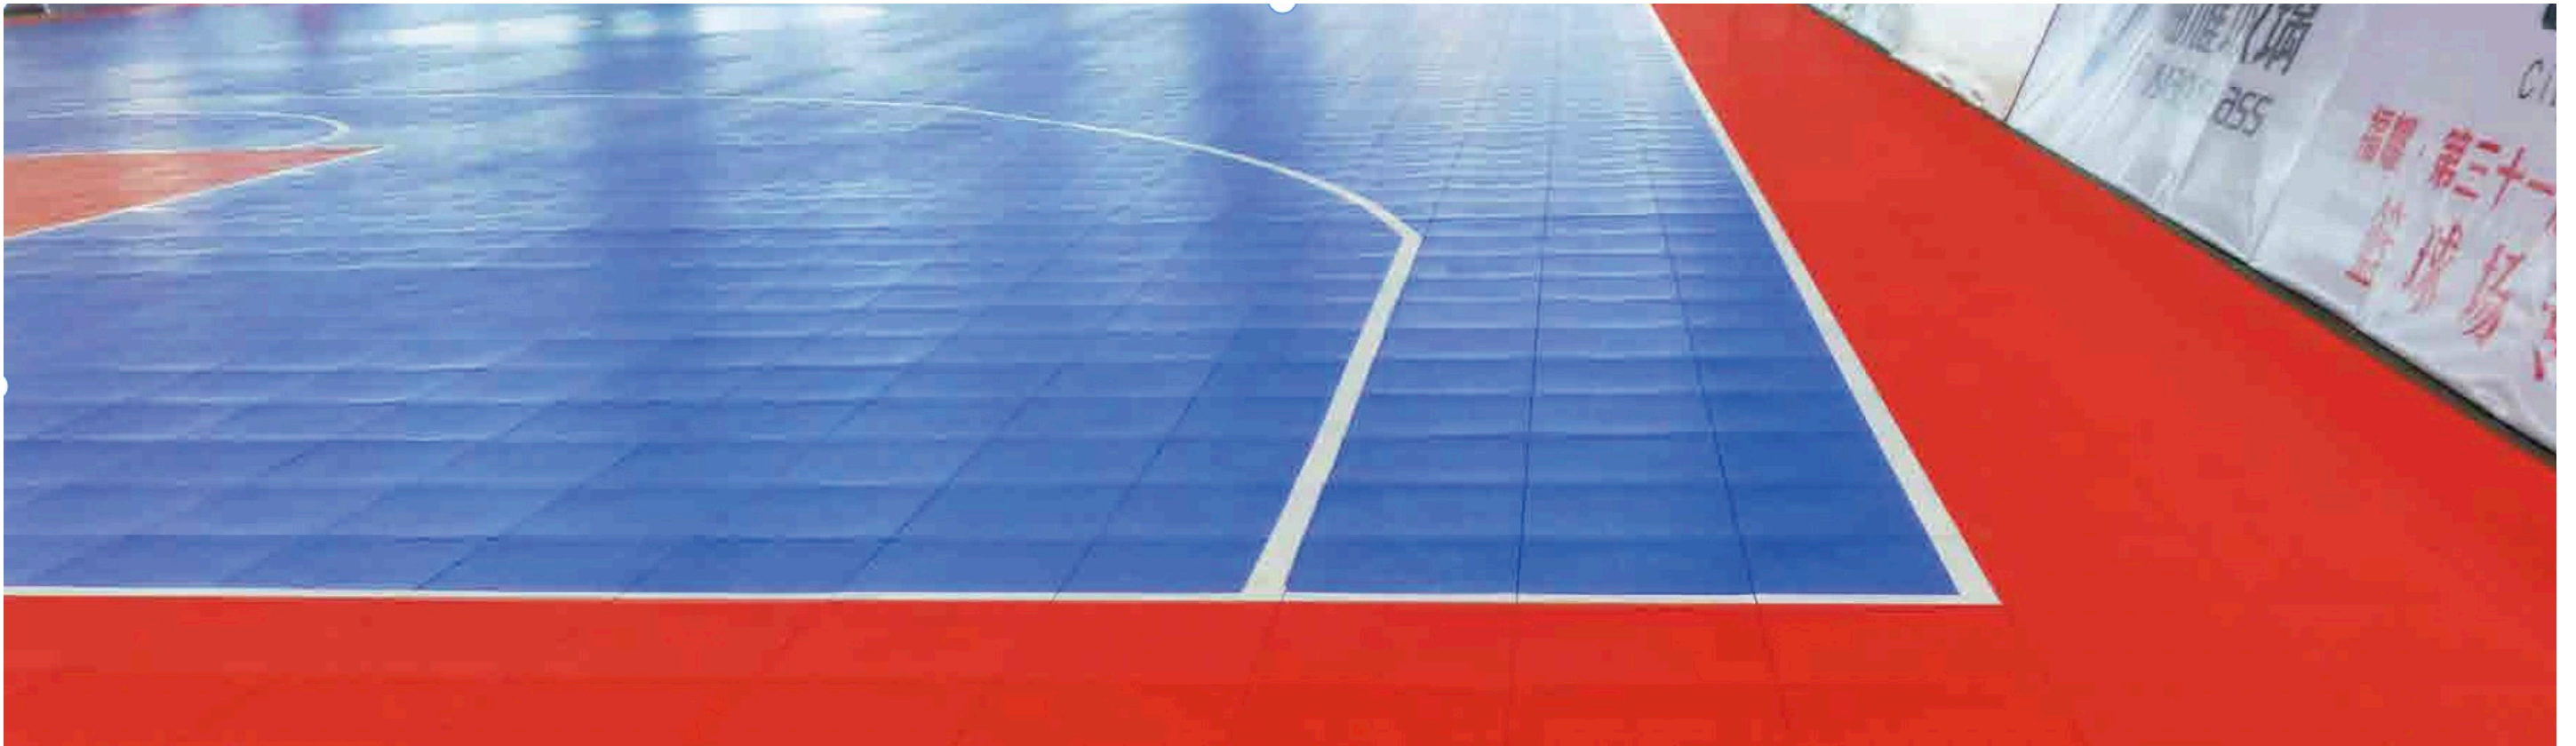

- Single layer structure suits to majority of applications.
- Smart & easy locking design shorten the time for installation.

Deck Spring® - DH

Material: Modified PP
Size: 30.48cm*30.48cm*
1.35cm±0.2cm/pc
(in 12*12 inch surface)
Weight: 260±5g

INTERLOCKING FLOOR

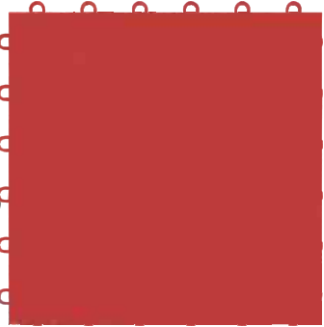

It is engineered with the same powerful feeling as wooden floor for indoor court.

- Flat surface suitable for all indoor sports & activities.
- Solid internal structure offers strong supporting function .
- Consistent & perfect ball rebound performance.
- Made of durable modified PP material.
- Fire resistance qualified for interior usage.

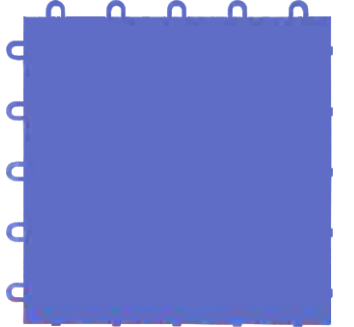

Brave Heart™-SC

Material: Modified PP
Size: 30.48cm*30.48cm*1.58cm/pc
(in 12*12 inch surface)
Weight: 530±5g

Brave Heart™ -MC

Material: Modified PP
Size: 25.00cm*25.00cm*1.27cm/pc
Weight: 250±5g

INTERLOCKING FLOOR

It is with simpler design of enjoyable performance.

- patented product for utility model and designs.
- Best combination of green grass & portable tile.
- Strong interlocking system & conical support structure.
- Application for garden, balcony, roof, children playground, etc.
